Programmation

```
graph TD; A[Programmation] --> B[Programme]; B --> C[Projet];
```

The diagram illustrates a hierarchical relationship between three concepts. At the top, a rounded rectangular box contains the word 'Programmation'. A diagonal line connects this box to the word 'Programme' below it. From 'Programme', a vertical line connects to the word 'Projet' at the bottom. The words 'Programme' and 'Projet' are in a larger, bold font compared to 'Programmation'.

Programme

Projet
